The Honorable Michael K. Powell
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: Docket No. MB-02-235

Dear Chairman Powell:

I am writing to you regarding the Commission's review of the proposed merger between Univision Communications Inc. and Hispanic Broadcasting Corporation.

We at The Senior Source, Senior Citizens of Greater Dallas would like to make you aware of the significant involvement of Univision here in Dallas in helping us reach out and serve Hispanic elders and their caregivers. To give you several examples, Univision created a public service announcement several years ago for our agency, and our phones still light up when it runs. We have met many needs of Hispanic elders because of Univision's help and interest. We currently are in communication with them about a call-in program for Hispanic elders, who might need to access our free Senior Prescription Assistance program, and we also are a part of a group of nonprofits who provide the station with information about community needs. In addition, we send the station regular press releases, and frequently they generate stories. The general manager of the station participated in an informational video about our Elder Support Services.

As you can imagine, we at The Senior Source, Senior Citizens of Greater Dallas very much appreciate Univision's commitment to the betterment of our community, and most particularly their interest in Hispanic elders and their quality of life.

Sincerely,

Molly H. Bogen, LMSW
Executive Director
